7. Narrative Description

This is a three-story, two-section, brick commercial building. It likely was constructed or significantly remodeled in conjunction with the construction of the neighboring Schroeder Building in 1922, and it is currently under renovation with the Schroeder Building. Though it may be an earlier building, its current appearance is consistent with this early 20th century timeframe. Overall, the building is fairly simple. The first story is divided into two storefronts. The original storefronts have been recently removed/renovated as part of the Schroeder Building project. Currently, two garage doors have been inserted into the storefronts, and pedestrian doors have been installed to the left of the garage doors. Four double-hung windows are located on each of the two upper stories. The older one-over-one-light double-hung sashes have been recently replaced with vinyl twelve-over-twelve-light double-hung sashes. These windows have simple openings with rowlock brick sills. Brick detailing extends across the frieze, including a repeating inset and projected brick pattern. The north elevation is exposed in a space only large enough for a fire escape for this building and the neighboring 210 Walnut. The brick on this wall appears old than the façade veneer. Six-over-six-light double-hung windows are found on the second and third stories. The brick on the rear (west) façade is covered with stucco. A single-door rear entry is located on the first story. Three six-over-six-light double-hung windows remain intact on the second story, and one opening has been filled with concrete block. The four windows on the third story have all been filled in with concrete block.

8. Narrative Statement of Significance

206-208 Walnut Street does not appear individually eligible for the National Register of Historic Places under Criterion A, B, or C, though it appears to be a contributing building in a potential downtown historic district. With the recent alterations to the storefront and windows, it does not appear to retain the integrity needed to convey its significance as an individually eligible building. However, it does retain the overall design and form, conveying its historic presence on Walnut Street. It falls within one historic context identified for a potential downtown historic district: "20th century Business and Industry." The demolition of the old Kemble Hotel for the C.F. Schroeder Building (Iowa Department Store) in 1922 marked a significant period in downtown Muscatine. The building at 206-208 Walnut was associated with the Kemble Hotel, and the construction/remodeling of the existing building in conjunction with the Schroeder Building continued the presence of a hotel and barber shop at this location.

A building on this site appears to have been constructed around 1880 as a part of the Eastern Hotel facing Second Street at 325-329 East Second Street, later known as the Kemble Hotel as shown in the 1888 Sanborn Fire Insurance Map. The 1888 and 1892 Sanborn maps show the dining hall for the hotel at this location, and by the 1890 Sanborn map, the building has been divided into a dining room (206) and a barber/kitchen (208). John R. Ellis is identified as the barber at this location as early as the 1900 city directory. He continued to operate at 208 Walnut into the 1910s. During this period, 206 Walnut is not listed as a separate address, and continues to be depicted as the dining hall for the Kemble House on the 1919 Sanborn map. In the 1919 city directory, 206 Walnut is used by F. Ashcroft and Sons (electrical and automobile supplies), who operated out of the 327 storefront of the old Kemble House.

The 1921 city directory does not list either 206 or 208 Walnut, likely indicating the demolition of the Kemble House and construction of the new C.F. Schroeder building (70-00952). It is assumed that either this rear portion of the Kemble House was also demolished at this time or it was significantly remodeled as part of this project. An arrangement was made to relocate the remaining hotel operations to the first and second floors of an area to the rear of the department store ("Three Local Young Businessmen Incorporate Department Store; Secure New Building," 1922, 2). Previously, as seen on the 1919 Sanborn map, this building behind the main hotel was used for dining, kitchen, and a barber. The 1928 Sanborn map shows two storefronts on this site, now identified as 206-208 Walnut, but the map indicates that the second and third stories were used as hotel space. This is apparently the rear area identified for the hotel's continued operation in the original arrangement for the new building's construction. The brick and brick detailing of the current building is consistent with a 1921-22 date. The 1923 city directory lists the Kemble Hotel and Globe Barber Shop at 206 Walnut. This listing is perhaps clarified by the 1927 city directory that lists the Globe Barber Shop at 206 Walnut and the New Kemble Hotel at 208 Walnut. Charles H. Jones is listed as the proprietor of the Globe Barber Shop. The 1928 Sanborn map indicates an "S" for store for both addresses, but does note that the hotel operated on the 2nd and 3rd stories.

New, additional tenants arrived at both 206 and 208 Walnut in the 1930s, though the Globe Barber Shop and New Kemble Hotel continued to operate at their respective addresses through the mid-1940s. In addition to the barber shop, a vet (William A. Houk) operated at 206 Walnut in 1934. He moved out and Zipper Mills, Inc. (feeds) moved in by 1936 and operated here until 1941. Only the Globe Barber Shop is listed in the 1943 city directory at 206 Walnut, and no listings are found for this address in 1946. The New Kemble Hotel shared 208 Walnut with Potosi Distributing Company in 1931, and then with two residential tenants in 1934 and 1936. They solely operate at this address until 1943 when they added the Kemble Hotel Café. Both the hotel and café are listed in the 1946 city directory at 208 Walnut.

By the 1952 city directory, the Dixie Cream Donut Shop moved into 206 Walnut and the Dixie Café moved into 208 Walnut. The donut shop operated here into the early 1960s, though the café became the Little Lincoln Café in 1956. Tenants lived in the upper stories.

After a fire in the 1990s, the building stood vacant for several years. In fall 2004, it was bought by Tom and Ann Meeker, along with the C.F. Schroeder Building. Renovation work began in spring 2005 on both buildings.
