

Enlarged Images of 29 Pictures

From the 1948 Nichols High School Mirror Yearbook

The first six volumes of the Nichols High School Mirror yearbook (1944-1949) were in all aspects totally a creation of the student Mirror staff. The staff created the content, photographed the pictures, produced and printed the proofs, pasted in reserved spaces on the printed pages actual 3x5 black and white glossy prints of photographs, and bound every individual copy. The subsequent twelve volumes of the Mirror yearbook (1950-1961) were produced by a commercial publishing company.

The 3x5 black and white glossy photographic prints in the 1948 volume are an especially valuable collection. (1) With a few exceptions, the 3x5 prints, though 70 years old, are in "like new" condition in this the year 2018. (2) The high resolution on the glossy photo stock permits scanning of enlarged images. It is these enumerated circumstances that prompt the assembling of this special collection of enlarged photographic images in 2018 from the 1948 NHS Mirror yearbook.

"To show that we are aware of the advantages afforded us we, the Mirror Staff of 48, dedicate our annual to the men who comprise the the board of education of Nichols school — the men who are largely responsible for our enjoying all of the things that our school can give us."

Nichols Public School
1872 - 1914

In 1872 a two-story white wood frame public school building was erected at the north end of the Town of Nichols. That building was destroyed by fire in February, 1914. Monday, November 29, 1915, was the first day of school in this new three-story brick school building erected on the east side of the Town of Nichols during 1914 and 1915. The gymnasium on the northwest corner was erected during the year 1934.
