12. NEW BUSINESS

A. Meeting Room Policy Update

Fiedler stated it was decided to update the Meeting Room Policy due to the number of calls to use the meeting rooms for medical procedures. He stated he feels the library is not the right environment for any type of medical procedures so the decision was made to update the policy to exclude medical exam procedures.

Fiedler then asked everyone if they would like to see it deleted or left in the policy, and everyone agreed to leave it as is.

Fiedler asked if the Board thought the word "chambers", which is used in the

policy manual, should be changed to "Board meeting". He noted he did not have a strong preference either way.

The Board agreed to leave it as is.

Fiedler then directed the Board's attention to the fifth paragraph on Page 12, which has to do with collection development and materials selection. He stated he feels the verbiage "when deemed necessary" should be added to the end of the sentence, which essentially means the library director can make the final decision unless the Board's action is necessary.

Fiedler stated a question had been raised about the Service Policy and if it should be moved under materials. He stated this involves all services and not just materials and should probably remain where it is.

Fiedler stated that Item 15, found on Page 14, refers to the "Person in Charge", which means the reference staff. He then pointed out the changes to Item 19 on the same page.

Fiedler stated the Board will review Chapter 2 at its next meeting. He noted some chapters may be combined. He stated that once the manual is finalized by the Board, it will be forwarded to the City Attorney for review. He ended by saying the goal is to have it finalized before the end of the year.
