

Public Notice

Antidegradation Alternatives Analysis for Ruveon LLC Located in Muscatine, Iowa

Notice Date: September 1, 2026

Notice is hereby given that Ruveon LLC, in the City of Muscatine, Iowa has completed a draft antidegradation alternatives analysis to request utilizing 2 clean-in-place (CIP) chemicals in the reverse osmosis (RO) system at the Ruveon Muscatine site. These chemicals assist in maintaining efficiency of the RO system that supplies water across the site. The wash water containing these cleaning chemicals is discharged into a stream that discharges to the Mississippi River. The Mississippi River is protected for Class A1 primary contact recreational, B(WW-1) warm water, and HH human health benefit.

Anyone wishing to comment on the proposed treatment alternative must do so in writing within 30 days of the date shown at the top of this notice. Comments may be submitted to Ruveon LLC by hand delivery or by mail:

Ruveon LLC

Environmental Department

2500 Wiggins Road

Muscatine, IA 52761

Copies of this notice, the draft antidegradation alternatives analysis and supporting information are on file and available for public inspection from 8:00 AM to 4:00 PM Monday through Friday at the above address. Copies of this information may be requested by contacting Ruveon LLC at 563-263-0093 and requesting to talk with the Environmental Department. Ruveon LLC will submit a summary of comments received as well as Ruveon LLC responses to the Iowa Department of Natural Resources with the final alternatives analysis subject to IDNR review and approval.
